Questions to consider when choosing a college:

What are class sizes like?

Is there a freshman orientation or transition to college program?

What is the graduation rate?

What percentage of students graduate in two/four years, depending on the program?

What kind of student activities or organizations are on campus?

What do students like best about this college?

What academic or other support is offered such as free tutoring, a writing lab, counseling

Other factors: small campus, large university, community college, living at home

You must bring your calculator, admissions ticket and drivers license/ picture school ID with you to take the SAT and ACT.

The ACT

The ACT is an achievement test, measuring what a student has learned in school.

The ACT has 5 parts: English, Math, Reading, Science, and an optional Writing Test.

The ACT is scored based on the number of correct answers with no penalty for guessing.

The ACT also has an interest inventory that allows students to evaluate their interests and career options

Each college and university in the United States is required to have an updated college cost calculator, which indicates accurate current prices and fees for colleges. Check this out to determine the cost of your school. Many use the college cost calculator supplied by the College Board. You can find it at <http://www.netpricecalculator.org>

Seniors have 2 days to visit college campuses. Deadline for approved MVHS college visits is May 1st. You need to pick up a college visit form from Mrs. Martin in the guidance office and follow the guidelines regarding your attendance.
